

April 4, 2016 - Interested in building science basics? Join BG Buildingworks' President, Dan Koelliker, PE along with whom the *Wall Street Journal* refers to as, "...the dean of North American building science." Dr. Joseph Lstiburek. Dr. Lstiburek is the founding principal of Building Science Corporation and an acclaimed educator who has taught thousands of professionals over the past three decades and written countless papers as well as the best-selling builder guides. He holds a Bachelor of Applied Science in Mechanical Engineering, a Master of Engineering in Civil Engineering, and a Doctor of Philosophy (Ph.D.) in Building Science.

Dan will also be presenting on the *Basics of Mechanical Systems and Mechanical System Integration* and Erik W. Peterson, President of OAC Management Inc., will be presenting on *The Laws of Quality Standards*.

The one-day, highly-interactive event is specifically designed for construction professionals and is hosted by OAC Management, Inc. The seminar will be held at Colorado Mountain College in Edwards, CO from 8:30am to 4:30pm and will cover several topics. The cost is \$175/person and the deadline to sign up is Friday, April 8. To sign up, download the Registration Form (attached). To receive additional information, please contact Shawn Akin at shawnakin@oacminc.com or call (970) 926-0290.
